We are excited to inform you that the Allied Health Practitioners Council of Zimbabwe (AHPCZ) will be hosting the **Second Allied Health Practitioners Annual Conference** on the 5th of October 2018 at Rainbow Towers, Harare, 8am. The theme of the conference is **“Transforming the Quality of Health Access and Care through technology”**. The Conference is being held as a side-line conference and in partnership with the 8th Edition of Zim-Afro Medical and Health Expo 2018.

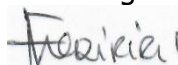

Allied Health Practitioners Council of Zimbabwe (AHPCZ) is a statutory body established under the Health Professions Act (Chapter 27.19) which was established and enacted by the President and Parliament of Zimbabwe in year 2001. The mandate of the Council is to assist in the promotion of the health of the population of Zimbabwe through regulating, controlling, supervising all matters affecting training, registration, practice and enforcing ethics and discipline amongst allied health practitioners.

We are therefore inviting your organization to take part in this upcoming Conference through exhibition and sponsorship. As a way of marketing your company, you might want to take advantage of this event by reaching out to more than 300 delegates who will be attending the Conference from different parts of the country.

The Conference presents an opportunity to interact with different players in allied health care practise and get an insight of the continuously revolving world of technology in a bid to promote quality health access and care for the population of Zimbabwe and beyond.

Please see attached sponsorship packages for your selection. We look forward to meeting with you and discuss how your organization can benefit through this high profile conference.
